

Established in 2016, we are one of the only vocational training providers run by and for the trade themselves.

Learn with us and you'll be taught by the people who were on the front line, with real world experience and insights to share.

### Our mission

Right from the word go, we've had a clear set of guiding principles:

- To be the connection between learners, their employers and industry to foster innovation, excellence and professionalism in training
- To deliver high quality training in roofing to ensure industry, businesses and learners are trained to the highest standards of excellence
- To have an agile approach to learning, a commitment to communication, and a fully integrated industry-supported training system

Our mission is to be the Plumbing, Gasfitting, Drainlaying and Roofing training provider of choice.

### Our vision

To deliver innovative learning experiences that drive industry capability, confidence and ambition.

We have campuses located in Auckland, Otaki, Christchurch and Dunedin.

# YOUR ROOFING JOURNEY

## COURSE OVERVIEW

Love working with your hands, working outdoors and putting things together? If this sounds like a great way to spend your working day, you could have a bright future as a roofer.

By completing this programme (apprenticeship) you will gain the skills required for your New Zealand Certificate in Roofing Level 4 in your chosen roofing strand, and this will be a steppingstone for your LBP requirements.
