Want to improve your English and maths so you can help your kids with their homework? Or build your skills and confidence so you can apply for a job? This free course at Skills Ignite in Manukau will do all that and more.

Develop your English, maths and communication skills, become more confident using a Chromebook (including email and Facebook), and find out how to write a great CV. We will teach you how to do well in a job interview and help you with career support.

This course is a great launchpad to further study or work. Friendly tutors, plenty of support, and lots of fun.

You'll cover:

- Digital literacy skills
- Communication
- New Zealand Culture
- Job Search techniques
- Teamwork & leadership
- Workplace Health & Safety
- World events
- CV workshops
