This course is perfect for new and aspiring nail technicians, giving you the foundational knowledge and practical skills to get started in the nail industry. It's ideal for those who are serious about turning their passion into a career and working professionally in the field.

You'll master essential techniques like manicures, pedicures, and nail augmentation while learning client consultations and improving your communication skills. Additionally, you'll gain a diverse skill set in self-styling, anatomy and physiology, personal hygiene, and workplace behaviour, all while ensuring health and safety and collaborating professionally with peers.

Upon completing your certificate, you'll have the knowledge to operate and self-manage in the field. Graduates can find exciting roles as nail technicians, nail artists, or brand representatives.

Prerequisites required:

- Must be a NZ citizen or permanent resident
- Minimum of 16 years of age
- Learners must have the National Certificate of Educational Achievement (NCEA) Level 1 or an equivalent
