This programme has been designed for aspiring hairdressers and provides your staff with foundational knowledge and practical skills.

Learners will master essential techniques that include, blow drying, basic colour work, cutting and setting. Additionally, to develop enhanced communication skills, learners will perform client consultations to effectively monitor health and safety practices and enable collaboration with peers and professionalism.

All Skills Premier learners will have access to the **Pivot Point LAB** online digital platform throughout their programme. This is designed to further cement their learning within the workplace.

To better support our learners and salon owners, Skills Premier will deliver and assess all the requirements. Learners will receive continuous pastoral care and guidance from a mentor allowing learners to meet the requirements of the programme and succeed. This includes additional support offered in fortnightly online sessions.
